Security, with Confidential Print. Mobile print capability.

Proven and tested network security features and protocols protect your device, information and network from unauthorized access. Keep your sensitive documents safe by enabling the Confidential Print feature, which requires entering a customized, unique PIN on the device's keypad before the document can be printed.

Print from mobile devices using an optional Wi-Fi adapter or Lexmark's free Mobile Print app.

Comprehensive warranty

The affordable MX317dn colour MFP is so well made, we back it with a solid 1-year warranty that offers you multiple ways to obtain help: phone, e-mail, live chat and remote assistance. Plus, if your device ever fails, we'll ship you a replacement device through our Advanced Exchange program so you're up and printing again as quickly as possible. See Statement of Limited Warranty for details.

Print up to 2,500 pages without replacing toner

Lexmark's exclusive Unison™ Toner keeps your cost of printing low, with standard cartridges that produce up to 2,500 pages. Plus they never require shaking, which minimizes interruptions and keeps your work moving. The Lexmark print system and Unison Toner enable consistent print quality throughout the life of the cartridge to prevent wasted prints.

User-friendly

The MX317dn is simple to install, easy to use and offers built-in connectivity and full compatibility with nearly every operating system and network, so you'll be up and running in minutes. It's built to last, so you'll easily be able to print up to 6,000 pages per month, thanks to our state-of-the-art paper handling technology.

Monitor operating status and supply levels on the MFP's easy-to-use, 2.4-inch colour LCD or from a remote location via its Web interface. Add an extra paper tray to boost capacity to 850 sheets for fewer interruptions.

An automatic document feeder simplifies printing, copying, scanning and faxing multi-page documents.

Eco-friendly

Built-in two-sided printing reduces paper use. The instant warm-up fuser saves energy and delivers the first page as fast as 6.5 seconds. Select an energy-saving mode (Quiet, Hibernate or Eco) to automatically minimize noise and energy consumption.

¹Average standard page yield value declared in accordance with ISO/IEC 19752. ²"Recommended Monthly Page Volume" is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage. ³"Maximum Monthly Duty Cycle" is defined as the maximum number of pages a device could deliver in a month using a multishift operation. This metric provides a comparison of robustness in relation to other Lexmark printers and MFPs. ⁴Printers are sold subject to certain license/agreement conditions. See www.lexmark.com/printerlicense for details. ⁵Actual Yield may vary based on other factors such as device speed, paper size and feed orientation, toner coverage, tray source, percentage of black-only printing and average print job complexity. ⁶Print and copy speeds measured in accordance with ISO/IEC 24734 and ISO/IEC 24735 respectively (ESAT). For more information see: www.lexmark.com/ISOspeeds. ⁷Product functions only with replacement cartridges designed for use in a specific geographical region. See www.lexmark.com/regions for more details.
